Backpacks and School Supplies Needed

It may only be July, and most kids do not want to hear the words spoken, but it is time to start thinking about going back to school.

In order to prepare for an expected 14% increase in need, VEAP is asking you to start considering what you will donate this year. The VEAP Back to School Program runs distribution during the end of August. The goal is to help families prepare their children with age appropriate materials for class. VEAP believes low-income children should have the equal opportunity be prepared for school as other children.

This year VEAP is anticipating the need to help 3,400 low-income children get ready for the 2010/2011 school year.
